

“Your Meadowlands” Cable TV Show

The New Jersey Meadowlands Commission invites you to check out the latest episode of **“Your Meadowlands,”** airing throughout the month of August on local cable systems. This month’s show features services the NJMC provides to Meadowlands municipalities. The NJMC is undertaking a major initiative to alleviate flooding along Route 17 in Rutherford and East Rutherford. When complete, the project will also bring relief to business owners in a nearby industrial park. In another segment, we tell you all about the NJMC’s Municipal Assistance Program (MAP). Through this unique grant program, towns are able to buy necessary equipment, such as fire trucks and police cars, at less cost to taxpayers. In this month’s *In Your Own Backyard* segment, NJMC horticulturalist Ian McDermott shows how preparing your yard for winter will make all the difference come the spring.

Through in-studio interviews and field segments, **“Your Meadowlands”** brings the programs and services offered by the NJMC - everything from flood-control, to environmental research and restoration, to economic development initiatives and educational opportunities - directly into your own living room. The show began airing in March on cable systems that serve the Meadowlands District. Joseph Doria, the Commissioner of the New Jersey Department of Community Affairs and Chairman of the New Jersey Meadowlands Commission, and Bob Ceberio,

the Executive Director of the NJMC, co-host the half-hour shows. The Executive Producer and Host of **“Your Meadowlands”** is NJMC Public Information Officer Sheri Hensley.

“Your Meadowlands,” showcases how the New Jersey Meadowlands Commission helps make the Meadowlands District a great place to live, work and play. So sit back, turn up the volume and enjoy this installment of **“Your Meadowlands.”**

Time Warner	Channel 10	Mondays	7:00 pm
