VIDEO CLIPS ENHANCE NJMC WEB SITE

Lyndhurst, NJ – The New Jersey Meadowlands Commission is embracing technology and sprucing up its Website with educational video clips.

The NJMC Website now features five video segments taken from the Commission's cable television show, "Your Meadowlands." The segments are sprinkled throughout the NJMC site and are marked with blue and black "NJMC Video Clip" play buttons. More clips will be added from time to time.

"Instead of just talking about the services the NJMC provides to our neighbors day in and day out, these video segments bring alive the dedication and hard work of our staff," said Bob Ceberio, NJMC Executive Director. "They will help people get a better understanding of the NJMC's mission -- to protect the delicate balance of nature, while encouraging economic development in the region.

The segments, produced by the NJMC's Sheri Hensley and narrated by staff members, include the following:

[NJMC Mission](http://www.njmeadowlands.gov/about/mission.html) – Profiles the NJMC's seven-member Board of Commissioners and the history of the agency.

<http://www.njmeadowlands.gov/about/mission.html>

[About us](http://www.njmeadowlands.gov/about/about.html) – Spotlights the people who work for the Commission and how their efforts improve the quality of life for people in the Meadowlands District.

<http://www.njmeadowlands.gov/about/about.html>

[Secaucus Greenway](http://www.njmeadowlands.gov/environment/trails/greenway.html) – Highlights one of many projects the NJMC is undertaking to increase public access to the Hackensack River and features the NJMC's award-winning Landscape Architecture Group.

<http://www.njmeadowlands.gov/environment/trails/greenway.html>

[GIS](http://www.njmeadowlands.gov/municipal/gis.html) – Features the Geographic Information System, a critical service the NJMC provides to Meadowlands municipalities to assist their local police, firefighters, and other emergency responders.
